

Collaboration Partner of 2022

Dear Ashdhir,

First of all, we'd like to express our sincere gratitude and announce with great pleasure that Cohesive Technologies Pvt. Ltd has been awarded as Milesight Collaboration Partner of the Year 2022!

Under the booming market trend of Internet of Things, Milesight is committed to improving the competitiveness of security while combining IoT technology to create more added value and bring more possibilities. And this year has seen Milesight achieved the amazing 60.5% revenue growth, which is also inseparable from you and your company's support.

We really appreciate your remarkable work and continuous efforts on promoting Milesight and it's definitely an honor to have you as our trustful and close-bonded partner all along. Thus, we want to take this opportunity to present you with the annual award of Collaboration Partner in recognition of your fabulous collaboration performance during 2022.

Looking back on this year, Milesight kept heading to the AIoT journey with the in-depth exploration of smart security and the combination with IoT technology. It's of great pleasure to see the new products like 4G solar-powered traffic sensing camera and 3D ToF people counter have been widely welcomed in both offline exhibitions and online promotions. Looking ahead, Milesight will continue to evolve with the strategic rebranding and deep dive into extensive applications with improved sensing capability and advanced IoT insights, upgrading to a more comprehensive and competitive brand.

Once again, huge congratulations on the award of Collaboration Partner of 2022! Looking forward to our continued partnership and another successful year ahead!

Yours sincerely,

Vice President
Milesight
