

Premium Add-on device for your home

The Smart Socket with USB employs Zigbee technology to transform conventional power outlets into intelligent ones, offering a seamless upgrade path. Equipped with both USB ports and two-Pin and three-Pin Outlets, the device can connect to a smart home gateway via the Zigbee protocol, enabling the remote management of outlets through a mobile APP or smart panel. Enhance your smart home journey now!

Features

- Standard ZigBee protocol, good compatibility
- Wide voltage range supply
- Super low power consumption design
- Set up and use easily
- Support mobile APP and smart panel remote control

Specification

- Model Number: SM-1023N
- Power Supply: 100 ~ 250VAC, 50/60Hz
- Rated Current: 10A
- USB Output Voltage: 5V
- USB Output Current: 2.1A
- Working Temperature: -20~ 70°C
- Working Humidity: 0 ~ 95%RH
- Connections: ZigBee 3.0
- Wireless Consumption: $\leq 0.2W$
- Wireless Frequency: 2.4GHz
Standard: IEE802.11b/g/n
- Shell Material: PC Painting
- Surface Color: White/Black/Gold
- Product Size: 86×86×35mm
